

Finding/Removing Content (Custom Map Builder only)

Refer to the [Quick Start Guide](#) or:

1. Click "Modify Map" to add content to the map.
2. Click Add and then choose "Search for Layers."
3. Use the keywords "polk county nc" to find authoritative County Data.
4. Upload your own data with "Add Layer from File."
5. Use "[Add Map Notes](#)" to create a layer on-the-fly.
6. Click Done Adding Layers when finished.
7. Save your map (requires creating an account--see Quick Start Guide).

Remove Content from a saved copy of the map by clicking the layer drop-down menu and then choose "Remove."
